ISO 16128 Statement

The International Organization for Standardization has published ISO 16128, which provides guidelines on the technical definitions and criteria for natural and organic cosmetic ingredients and products. These standards are based upon a consensus developed by a panel of international experts in response to the cosmetic and personal care market's needs. ISO 16128 is divided in two parts:

Part 1: ISO 16128-1:2016 Definitions for ingredients

Part 2: ISO 16218-2:2017 Criteria for ingredients and products

Product (INCI name)	Natural index	Natural origin index	Organic index	Organic origin index
Resilience 1000 (Human Adipose Derived Stem Cell Conditioned Media/1,2- Hexanediol)	0.98	0.98	0.00	0.00

Disclaimer: There may be some errors in calculation of ISO 16128 index.

Please note this statement is provided as guidance only.

If need more information, please contact us via e-mail or phone.

Sincerely yours,
